ABOUT US

For over 31 years, Wisdom Playgrounds has been a trusted name in delivering exceptional commercial playground solutions. Based in Navassa, NC, we are dedicated to providing top-tier customer service and high-quality, inclusive play equipment that inspires fun, fosters growth, and serves children of all abilities. Our mission is to help communities create safe, engaging spaces where children can explore, learn, and play together.

What truly sets us apart is our industry-leading Quick Ship program. With a selection of over 80 pre-designed modular structures and a wide range of stocked components, we offer the fastest delivery times in the industry. Most Quick Ship orders are prepared and ready to ship in as little as 3-5 days. For those seeking something more unique, we make it easy to customize your playground by incorporating additional stocked items into your Quick Ship order. This combination of speed and flexibility ensures you get the perfect solution tailored to your community's needs without unnecessary delays.

Our commitment goes beyond fast shipping and innovative designs. We're passionate about creating inclusive play environments that bring joy to children of all abilities while meeting the highest safety and quality standards. Whether you're planning a fully customized playground or need a quick and reliable solution, Wisdom Playgrounds is your trusted partner in building vibrant, imaginative, and durable play spaces.

37 IN TRIANGLE DECK
PARTIALLY MEET ADA REQUIREMENT

VS

FULLY MEETS
41 IN TRIANGLE DECK
FULLY MEET ADA REQUIREMENT

COMPETITOR VS WISDOM

LOW QUALITY MATERIAL
LOW COST MATERIAL, SIMPLE PRODUCTION PROCESS
OBVIOUS GAPS, LESS ABILITY TO RESIST OUTDOOR ENVIRONMENT

VS

FINE MATERIAL AND PRODUCTION
SLIDES WITH ROTATIONAL MOLDING PROCESS, GRANULATION TECHNOLOGY AND MODIFIED MATERIALS
HEAT AND COLD RESISTANCE, ANTI-AGING AND ANTISTATIC

COMPETITOR VS WISDOM

37" DECK
DECK SIZE 37 X 37 IN
CAN NOT USE DOUBLE SLIDE

VS

41" DECK
DECK SIZE 41 X 41 IN
FULLY MEET THE WIDTH REQUIREMENT FOR DOUBLE SLIDE

COMPETITOR VS WISDOM

31" PANEL
REGULAR SIZE PANEL
THIN AND LIGHT, LESS SPACIOUS DESIGN

VS

34" PANEL
PANEL IS 3" WIDER RESULTING IN A **10%** LARGER APPEARANCE

In line with international safety standards

AGE RESTRICTION GUIDELINES

While ASTM does not explicitly define strict age limitations for different surfacing options, Wisdom Playgrounds follows general industry guidelines. There are no specific fall height limits for ages 2-12 when factoring in the type of surfacing selected. In order to prioritize the safety of kids of all ages Wisdom Playgrounds suggests a maximum fall height of approximately 60" for ages 2-5, which is noted throughout the catalog. Please refer to ASTM standards for items above 60" fall height and surfacing options.

LEADER IN HEALTH & SAFETY

At Wisdom Playgrounds, safety, quality, and child development are at the core of everything we do. We recognize that children's bodies are still growing and are especially vulnerable to harmful substances, which is why we maintain strict standards for the chemical content of every material used in our playground equipment. Our commitment goes beyond safety—we design our products to create secure, engaging environments where kids can play naturally, stay active, and thrive.

Our structures are built to handle high-traffic spaces like kindergartens and daycares, while prioritizing thoughtful design to minimize collision risks and other potential hazards. By addressing both the physical and emotional well-being of children, we create play areas that support holistic development.

At Wisdom Playgrounds, we believe children are the hope and future of our world. That's why we are dedicated to providing safe, green, and innovative learning environments where they can grow and explore with confidence. For over 30 years, this has been our guiding principle—and we look forward to continuing this mission for many years to come. Together, let's create brighter futures for every child.

SUSTAINABLE & ENVIRONMENTAL PROTECTOR

WISDOM has successively obtained multiple certificates that comply with international standards, such as ISO9001, ISO14001, ISO45001, FSC and China Green Product certification, marking WISDOM's strategic ability and determination to adhere to sustainable development!

Implement the concept of eco and quality, integrate global advanced education concepts into the DNA of WISDOM products with the eyes of the world, and aspire to provide green, eco, and high-quality products for children around the world. Help children explore the world with peace of mind and experience a beautiful and happy childhood!

IPEMA CERTIFICATION PROGRAM

In the interest of playground safety, the International Play Equipment Manufacturers Association (IPEMA) provides a Third Party Certification program whereby a designated independent laboratory, TÜV SÜD America Inc., (TÜV), validates an equipment manufacturer's certification of compliance to the ASTM F1487 Standard Consumer Safety Performance Specification for Playground Equipment for Public Use, except sections 7.1.1, 10, 13.1.1, 13.1.2, 13.2, and 13.3; to CAN/CSA Z614 Children's Playground Equipment and Surfacing, except clauses 10 and 11; or both. A list of current validated products may be viewed at www.ipema.org.

PHYSICAL SAFETY

CHEMICAL SAFETY

STRUCTURAL SAFETY

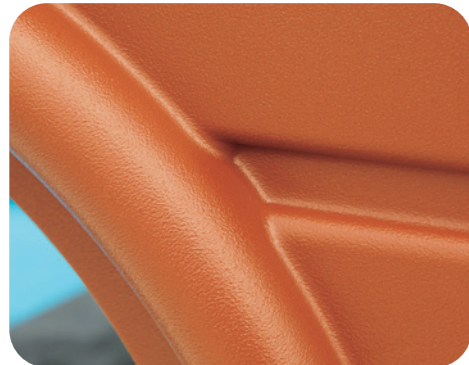

THE MAKING OF A WISDOM PLAYGROUND SYSTEM

Quality you can see, value you can measure

LIFE-TIME WARRANTY

- 1: Excellent quality: All equipment materials are specially selected, sturdy, safe, eco, and durable.
- 2: Long-term warranty: Up to 15-100 years warranty on main structure against structural failure due to material or manufacturing defects.

ROTOMOLDED PROCESS

- 1: Quality materials: Selected high-grade LLDPE raw materials, linear low density polyethylene, impact resistance, cracking resistance, heat/cold resistance, acid, alkali and organic solvent resistance, etc., perfectly adapted to various harsh outdoor environments.
- 2: Flexible design: not limited by size/pattern/color/thickness, designers can freely play and easily meet ideal expectations.
- 3: Eco & Safety: one-time molding, no scraps, no waste, non-toxic and odorless.

CLAMP ASSEMBLY

- 1: Clamp design: abandon the common phenomenon of only screw fixing, which is prone to loosening and shaking over time. The clamp design is stable and firm.
- 2: High quality metal: strong stability, burst resistance, cracking resistance, rusty resistance and fine polished, no corners or sharp edges, ensure safety in daily use.
- 3: Convenient assembly: "One loop, one clamp" closed-loop fastening. Simple assembly, convenient maintenance.

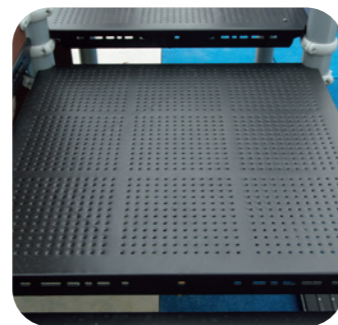

PROFESSIONAL WELDING

- 1: Mature craftsmanship: Senior craftsman meticulously works, with even welding joints and careful polishing, with no burrs, incomplete penetration, or porosity overall.
- 2: Safety first: The welding joints are stable, firm, and smooth, strictly ensuring product safety.

TUBULAR POST

- 1: Thickening material: fabricated of 3.5 in. outside diameter, 13 gauge galvanized steel tubing, making it more secure and safe.
- 2: Two mount types: Inground mount and surface mount as needed.

DECK/STAIRS

- 1: Selected Metal: High strength cold rolled steel flat, structurally and mechanically stable, corrosion-resistant, weather resistant, safe and eco, suitable for outdoor use.
- 2: PVC coating: After professional technical treatment such as gluing, preheating, PVC coating, and high-temperature curing, the steel deck has improved its anti slip, anti wear, anti static, and anti crack properties, making it new over time.

QUALITY POWDER COATING

- 1: High-end technology: To avoid problems such as rust and aging of steel tubes, we use high-end hot dip galvanizing technology combined with high-quality outdoor powder coating to extend the service life!
- 2: Craftsmanship process: Galvanized tubes require a total of 13 processes, including water washing, oil removal/impurity removal, and electrostatic spraying. Ensure smooth and flat surface, rust and corrosion resistance, and long-term durability.

Quick Ship

At Wisdom Playgrounds, we take pride in setting ourselves apart with our industry-leading Quick Ship options, designed to get your playground up and running faster than ever. While many suppliers take weeks or even months to deliver, we offer high-quality playground equipment that ships in just 3-5 days after your order is placed. This means you can meet tight deadlines without the frustration of long wait times.

What truly makes our Quick Ship program exceptional is that we don't sacrifice quality for speed. Unlike competitors, we uphold the highest standards of craftsmanship, using durable materials and precision engineering to ensure every structure is built for long-term performance, safety, and fun. Whether you're outfitting a new park, upgrading an existing play area, or meeting an urgent project deadline, our Quick Ship selection provides the perfect blend of efficiency and reliability.

And don't forget—you're not limited to just Quick Ship structures! You can mix and match with complementary elements like WiseQUBES, swings, and climbers to create a fully customized, engaging play environment tailored to your space and community needs. With Wisdom Playgrounds, getting a high-quality, personalized playground has never been easier or faster!

WisePLAY Quick Ship

WisePLAY Quick Ship playgrounds are the perfect solution for quickly enhancing your facility with high-quality, activity-packed play spaces. True to their name, these playgrounds can arrive on-site within just 3-5 days, making them ideal when time is of the essence.

Designed for small to medium spaces, WisePLAY Quick Ship structures keep purchasing and shipping costs lower than the competition. Built with 3.5" posts instead of 5" posts, they're lighter, more versatile, and easy to install while maintaining durability and safety.

Each playground offers a choice of primary or natural color palettes, giving you flexibility without sacrificing quality. With WisePLAY Quick Ship, you get a reliable, engaging playground delivered fast and efficiently—ready for endless fun!

WisePLAY Inclusive Quick Ship

WisePLAY Inclusive Quick Ship playgrounds are designed to create a welcoming space where children and caregivers of all abilities can play, connect, and explore—without barriers or limitations. Thoughtfully crafted with inclusivity in mind, these playgrounds provide opportunities for shared experiences that bring people together in a safe and supportive environment.

Built with durable 3.5" galvanized steel posts, WisePLAY structures offer exceptional strength and versatility while maintaining a lighter design that makes installation easier and more efficient. Engineered for lasting performance, they stand up to years of joyful play, giving you peace of mind when it comes to durability and safety.

Whether you're working on a tight schedule or need a quick solution, WisePLAY Inclusive Quick Ship playgrounds arrive on-site in as little as 3-5 days. Designed to fit a variety of spaces, they ensure that playtime remains accessible, engaging, and barrier-free for children and caregivers alike. With WisePLAY, every child gets the chance to play, discover, and thrive—together.

WiseTOT Quick Ship

Need a playful upgrade in a pinch? WiseTOT Quick Ship playgrounds are the ultimate solution for creating vibrant, engaging play spaces on a tight timeline. Designed especially for toddlers, these structures bring colorful excitement and imaginative fun to every corner of your facility—ready to ship and install in no time!

The WiseTOT series is all about exploration and growth. With playful designs that spark curiosity, each structure incorporates sensory-rich activities that encourage little ones to see, hear, touch, and move. Sensory processing is key to developing fine motor skills, emotional regulation, and healthy habits that help children learn to identify and manage their feelings—skills that last a lifetime.

Built to endure years of joyful play, WiseTOT playgrounds are packed with shapes, colors, and interactive moving parts to keep curious minds and active bodies engaged. From spinning wheels to bright textures, every detail stimulates creativity and promotes healthy development while delivering endless fun. Bring big smiles and endless adventures to your little explorers with WiseTOT Quick Ship—a playful solution that's as durable, exciting, and fast as it gets!

WiseNEX Quick Ship

Many playgrounds fall short—lacking the challenges kids need to stay engaged and active. That's where WiseNEX Quick Ship playgrounds come in! Perfect for communities seeking adventurous, physically challenging play, WiseNEX structures combine imaginative design with exciting activities.

With a dynamic mix of climbing, hanging, and balance sections, these playgrounds encourage kids to test their strength, coordination, and problem-solving skills. From scaling ropes to mastering tricky balance challenges, every element builds muscular endurance, body awareness, and sensory processing while keeping kids entertained.

For communities ready to inspire kids to move, grow, and play smarter and harder, WiseNEX Quick Ship delivers. Fast shipping, endless fun, and a whole lot of movement. Let the adventure begin!

WiseFREE

Quick Ship

Many playgrounds leave empty spaces that lack purpose, flow, or excitement. Wisdom's WiseFREE Freestanding items are the perfect solution to fill in gaps, connect separate play areas, or create entirely new play zones with ease. Featuring swing sets, slides, qubes, and more, these versatile pieces can be used on their own or combined with existing playgrounds to design a cohesive, unique, and engaging play environment.

Ideal for schools, multi-family housing, parks, and other organizations, WiseFREE items deliver quality, creativity, and functionality without the wait. Standard delivery is just 3-5 days from the time you order, making them a fast and efficient option to enhance your facility on a tight schedule.

With ADA-compliant options available, these freestanding pieces ensure inclusive play for everyone while adding flexibility and flow to any playground. Whether you're creating a new area or expanding an existing space, WiseFREE Freestanding items offer a simple, impactful solution that brings play to life—quickly and seamlessly.

WiseSITE

Quick Ship

Many playgrounds lack key elements that turn spaces from ordinary to functional and enjoyable. WiseSITE Quick Ship site furnishings are designed to address these gaps, offering practical and purposeful items often overlooked but essential to a complete playground.

From inclusive picnic tables and seating to waste bins, bike racks, and timbers, WiseSITE products enhance playgrounds by providing comfort, accessibility, and functionality for children, caregivers, and the community. Delivered in just 3-5 days, they're ideal for schools, parks, multi-family housing, and more.

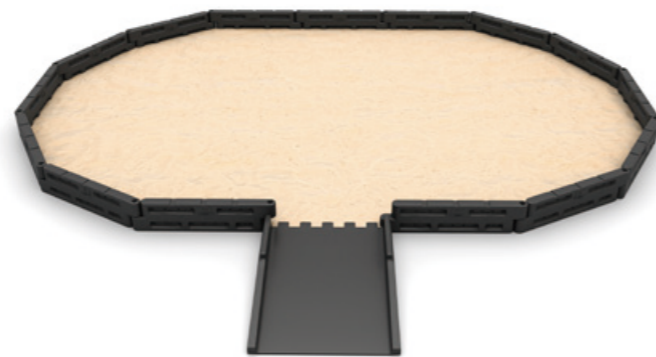

Pair WiseSITE Quick Ship items with Quick Ship playgrounds and WiseFREE freestanding items to create cohesive, purpose-driven spaces that meet all needs. Solve the common issue of missing site furnishings with WiseSITE—because a complete playground is about more than just play structures.

WiseTOWER

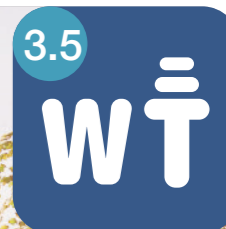

The WiseTOWER series offers two immersive and engaging themes—Ocean and Forest—each designed to spark imagination and encourage active play in young children. These thoughtfully crafted environments bring the beauty and excitement of nature to life, creating a dynamic and stimulating space where children can explore, climb, and develop essential physical and cognitive skills.

At the heart of these playgrounds is a 3D multi-layer vertical climbing structure, carefully designed to maximize play value while maintaining a compact footprint. By incorporating distinct thematic elements and a variety of climbing challenges, these structures provide endless opportunities for movement, coordination, and strength-building. The integration of peripheral wooden barriers enhances the aesthetic appeal while ensuring safety, reinforcing a natural and eco-friendly design that blends seamlessly with outdoor environments.

WiseTOT

Designed with toddlers' development in mind, the WiseTOT series creates vibrant, engaging play environments where young children can explore, grow, and thrive. These colorful and playful structures encourage curiosity and discovery, offering endless opportunities to engage their senses and spark imagination.

The WiseTOT series focuses on sensory experiences that are essential for early childhood development. By stimulating sight, sound, and touch, these playgrounds help foster fine motor skills, mood regulation, and emotional awareness—key building blocks for identifying and managing emotions in healthy ways.

Built to withstand the test of time, WiseTOT structures are filled with dynamic shapes, interactive elements, and vibrant colors that captivate young minds and keep them active. Whether climbing, touching, or exploring, children will find endless fun in these thoughtfully designed spaces, making every visit a new adventure in play and learning.

WiseTOT

Lean On Me Series

The WiseTOT Lean On Me Series was developed to let children release their passion for adventure in a safe environment and cultivate the learning ability to not be afraid of challenges. WiseTOT Imagination City playgrounds are part of the Lean On Me series, which integrates equipment that will keep the imagination going, along with special sensory integration that helps promote the balanced development of children's gross motor abilities and overall sensory abilities.

Imagination City provides the smaller children an option to explore their surroundings more autonomously and with interesting activities. Featuring sensory elements like sight, sound and touch, keeps their minds and bodies engaged. WiseTOT structures are loaded with shapes, colors, and moving parts to provide endless amounts of entertainment. Wisdom's variety of activities comprehensively develop children's different abilities.

WisePLAY

WisePLAY structures by Wisdom are the ultimate solution for organizations seeking vibrant, space-efficient play areas that don't skimp on excitement or durability. Designed with sturdy 3.5" 13-gauge steel posts, these thoughtfully crafted structures combine lightweight versatility with unwavering safety and quality standards.

Each WisePLAY design is packed with engaging activities that spark creativity and active play, making them a favorite for communities and schools alike. Best of all, WisePLAY structures are budget-friendly, offering reduced shipping and purchase costs—delivering exceptional value without compromising on fun, functionality, or durability. Bring endless play to your space with WisePLAY!

WisePLAY Inclusive

All-inclusive playgrounds are accessible, but not all accessible playgrounds are inclusive. At Wisdom Playgrounds we understand that we are not just designing our structures for the children. We know it takes a village to raise a child, which is why we always accommodate the parents and caregivers of various abilities that utilize our equipment. Following some fundamental principals, an inclusive playground will ensure that everyone can access the best play activities on the playground.

A crucial element to making an inclusive playground work for everyone is co-locating various kinds of the same type of activity so that someone who may have physical abilities can enjoy the same activity as the person close to them on a similar but perhaps more challenging activity. At Wisdom, we can all play together.

WisePLAY Inclusive playgrounds are artistically crafted with 3.5" OD galvanized steel support posts which allows the structure to be lighter, and more versatile. Without sacrificing features such as safety or durability, we accommodate getting you a high quality playgrounds packed full of activities.

WisePLAY Custom

WisePLAY Custom playgrounds provide a versatile and space-efficient solution for organizations seeking a high-quality play environment with a slightly smaller footprint than traditional structures. Designed to meet the unique needs of parks, schools, municipalities, and other recreational facilities, WisePLAY Custom structures offer the added benefit of full customization, allowing clients to tailor their playgrounds to fit specific site dimensions, design preferences, and play requirements.

Each custom structure is engineered with precision and durability in mind, utilizing 3.5" steel posts in place of standard 5" posts. This strategic design choice results in a lighter, more adaptable framework without compromising the structural integrity, safety, or longevity of the equipment. The reduced overall weight of these structures not only simplifies installation but also contributes to cost efficiency in both purchasing and freight logistics.

WisePLAY Theme

WisePLAY Theme offers themed play components that bring children's most imaginative fantasies to life. From pirate ships to tree houses and castles, these structures transport children to exciting, far-off places. Designed for endless fun, WisePLAY Theme structures feature large supports, spacious platforms, and a vibrant array of colors, making them a perfect addition to parks, schools, and communities. Crafted from time-tested materials and combined with expert craftsmanship, this equipment is built to last and requires minimal maintenance. The 3.5" posts used in WisePLAY Theme structures provide a lighter, more versatile design without compromising safety or durability, ensuring you get a high-quality playground packed with engaging activities.

WiseMAX

WiseMAX systems take play to the next level with robust 5" posts, offering superior strength and stability compared to standard 3.5" posts. This enhanced design ensures these systems can handle high volumes of enthusiastic users, maintaining the excitement and energy that keeps the flow of play alive.

Crafted with precision using time-tested, reliable materials and expert craftsmanship, WiseMAX equipment is built to last. The durable construction not only minimizes maintenance needs over time but also guarantees that your play space remains a safe, inviting, and vibrant hub for children's development and exploration. With WiseMAX, you're investing in a play system that's as enduring as the joy it brings!

WiseMAX Inclusive

At Wisdom Playgrounds, we recognize that our designs impact not only children but also the parents and caregivers who accompany them. We prioritize creating play environments that cater to individuals of all abilities, ensuring no one is left out.

By following key design principles, our inclusive playgrounds provide access to engaging play experiences for everyone. One essential aspect is offering a variety of similar activities in close proximity. This approach allows individuals with limited physical abilities to participate alongside others engaging in more advanced versions of the same activity. At Wisdom, we believe play is for everyone.

Our WiseMAX Inclusive playgrounds feature 5" OD galvanized steel support posts, combining artistic design with superior durability. Without compromising on safety or quality, we deliver playgrounds brimming with inclusive, engaging activities for all.

WiseMAX Custom

WiseMAX systems are engineered for superior strength and durability, featuring robust 5" posts instead of the standard 3.5" posts. This enhanced structural design allows the system to accommodate higher user volumes while maintaining a free-flowing, engaging play experience that fosters excitement and enthusiasm.

Every component is crafted using time-tested, high-quality materials that have been carefully sourced to ensure maximum reliability. Combined with the skilled craftsmanship at our manufacturing facility, this results in playground equipment that is not only exceptionally durable but also requires minimal maintenance over time. The result is a play space that remains vibrant, welcoming, and full of joy—encouraging endless opportunities for adventure and fun.

WiseMAX Theme

WiseMAX Theme uses themed based play components that give you the opportunity to create playgrounds that mimic components from children's wildest dreams. Our pirate ships, Tree Houses, and Castles transport children to far away lands. Designed with many components for long-lasting fun. With their large supports, broad platforms, and wide array of colors any of the WisePLAY Theme components are a great addition to parks, schools, and communities.

The time tested materials sourced form and combined with the skilled craftsmanship at the factory, this equipment is durable and requires less maintenance over time.

WiseMAX Theme structures are built with 5" posts, which means they can handle end-user volumes without constricting the excitement and enthusiasm found in the flow of play. The time-tested reliability of the materials sourced for and combined with the skilled craftsmanship at the factory, produces equipment that is durable and requires less maintenance over time, so that your play space remains fun, inviting and open to the public

WiseFIT

Transform your community space with the WiseFIT series—designed to deliver the perfect blend of fun and physical challenge. This versatile collection offers an exciting variety of climbers, hanging elements, balance challenges, and slides that can be arranged individually or combined to create dynamic, imaginative play areas.

Beyond the thrill of play, WiseFIT structures promote essential developmental skills like coordination, focus, body awareness, muscular endurance, sensory integration, and controlled movement. With WiseFIT, you're not just building playgrounds—you're fostering growth, adventure, and endless possibilities for kids of all abilities.

WiseWORX

Looking to bring exciting, movement-driven play to your community? WiseWORX delivers a complete lineup of innovative structures that challenge, inspire, and elevate any play space.

Each category within WiseWORX offers its own unique experience. WiseNET introduces sculpted dome formations with dynamic net routes. WiseNEX blends climbing, balance, and creative pathfinding in fresh, modern layouts. WiseCUBES stack fun with modular cube arrangements enhanced by slides and elevated play. WiseROCK adds rugged rock-wall adventures, while WiseSPHERE brings rounded, vertical climbing elements with bold visual impact. WiseTRAIN expands play variety with themed track-style movement. WiseFREE completes the collection with stand-alone favorites—from slides to sensory components and ADA-inclusive features.

Together, these systems encourage confidence, coordination, imagination, and nonstop movement, creating a play environment that grows with every child who steps into it.

NatureWISE

The NatureWISE series draws inspiration from the endless wonders of the natural world, bringing a touch of the outdoors to every play space. This collection features timeless wooden structures that offer the beloved "classic" playground look, blending seamlessly into any environment and enhancing the charm of your play area.

By combining the adventure and excitement of nature with the unmatched durability, safety, and low-maintenance features of high-quality play equipment, NatureWISE delivers the perfect harmony of style and functionality. These designs create an inviting space for endless hours of imaginative play, fostering creativity and exploration while standing the test of time.

NaturePLAY Theme

NaturePLAY features storybook like woodland elements, that encourage children to use their imaginations for outdoor play. This offers children the ability to transport to their own magical forests full of adventures. NaturePLAY structures are built with 4" Pinewood posts, which allows the structure to be lighter, and more versatile.

The NaturePLAY series is the perfect solution for any community that is in need of a more physically challenging play structure, with a variety of nature-themed elements, that can also be customized.

All NatureWISE structures use high-end solid quality wood, which has its own anti-corrosion properties making it a strong and solid option, with quality guaranteed.

NatureCHALLENGE

Wisdom's NatureCHALLENGE series is the perfect solution for any community that is in need of a more physically challenging play structure, with a variety of nature-themed elements, that can also be customized.

The NatureCHALLENGE series integrates large-scale comprehensive equipment and a elements of sensory play that help children to develop their physical abilities. This supports children to explore their surroundings more autonomously while using a wide range of activities. It also promotes the development of children's gross motor abilities and sensory processing.

All NatureWISE structures use high-end wood, which has its own anti-corrosion properties making it a strong and solid option with quality guaranteed. Wisdom's NatureWISE Series promotes the development of multiple skills in children through physical exercise.

WM
Ship - Barrel panel
The retro barrel-shaped decoration facilitates role-playing activities such as "product sales," enhancing social interaction and language expression skills.

WM
Cottage Panel
Use the small blackboard to label product information, simulate sales scenarios, and engage in role-playing games that exercise language expression and social interaction.

WM
Drums Panel
Tapping to distinguish sounds explores differences in timbre and pitch, cultivates musical rhythm perception, and simultaneously trains hand-eye coordination.

WM
Kitchen Panel
Designed with stove and flame elements to simulate cooking scenarios, allowing children to play the role of "little chef" and practice language expression and social interaction.

WM
Driver Half Panel
Simulating a car dashboard with functional labels allows children to role-play as "little driver," exploring interactive component logic while learning basic mechanical and transportation knowledge.

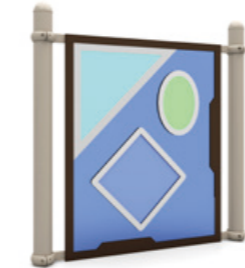

WP
Sensory Red Window Worx
Perceiving color variations in light and shadow improves visual sensitivity and aesthetic awareness.

WP
Sensory Yellow Window Worx
Bright color combinations with star and geometric shapes boost visual sensitivity and aesthetic awareness.

WP
Sensory Green Window Worx
Green-toned crocodiles and geometric shapes, combined with light and shadow effects, foster color perception and visual sensitivity.

WP
Sensory Blue Window Worx
A blue color scheme paired with simple geometric patterns enhances visual sensitivity and aesthetic awareness.

WM
Atlanta - Train Game Panel
The retro locomotive design enables role-playing as "little train driver", encouraging interactive games such as "cargo transportation." Simulating in-train dining sales scenarios, elements like hamburgers and coffee add interactive fun for immersive role-playing experiences.

WP
PE Leaf Theme Music Panel
Tap to identify sounds and explore differences in timbre and pitch, enhancing auditory sensitivity and cultivating musical perception.

WP

PE Leaf Theme - Safety Panel

The clear, natural leaf-green leaf design brings the wonders of nature into the play area, fostering aesthetic awareness.

WP

Alto Panel

Strike the keys to explore differences in timbre and pitch, create simple melodies, and develop foundational music cognition.

WT

Bubble Window Panel

The convex surface of the bubble mirror creates a fun, distorted visual experience, introducing the scientific concept of optical reflection.

WT

PE Duo-window Panel

Through yellow and green transparent lenses, perceive the magical visual changes brought by light reflection or color overlay.

WP

Trunk Panel

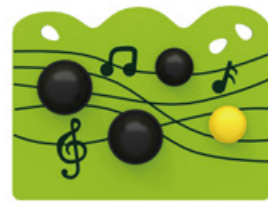

Gently flick the bird to watch it nod playfully and accurately peck up a worm! This fun interaction enhances hand-eye coordination.

WP WM

Tic-Tac-Toe Panel

Arrange and combine symbols to form matching rows, columns, or diagonals, fostering logical and strategic thinking.

WT

WiseTOT Music Panel

Fun rhythm tapping explores differences in timbre and pitch, cultivates musical rhythm perception, and simultaneously improves hand-eye coordination.

WT

WiseTOT Turntable Panel

The steering wheel dial enhances hand-eye coordination, while sliding the orange dial to observe dynamic pattern changes trains visual tracking skills.

WT

WiseTOT Arch Panel

One side involves grasping and moving to simulate a bee collecting honey, while the other side simulates a rocket launch, helping to understand the concept of spatial displacement.

WT

WiseTOT Safety Panel

Grasping, moving, and mimicking the flight path of a butterfly helps children understand the concept of spatial displacement.

THEME PANELS

WT

PE Tic-tac-toe Panel

Arrange and combine symbols to form matching rows, columns, or diagonals, fostering logical and strategic thinking.

WT

PE Numbers & Shapes Panel

Introduces early mathematical concepts (numbers, counting) and shape recognition (circle, triangle, square) for educational enlightenment.

WT

PE Counter Panel

Open-ended "small window" encourage role-playing as shopkeepers or cottage owners, fostering social and expressive skills.

WT

WiseTOT Height Measurer Panel

Dual-unit scales marked in feet (Ft) and centimeters (cm) help toddlers recognize length units and develop self-awareness.

ACTIVITY PANELS

Mind Maze WP WM
 As it rotates, a visual focal point gradually forms, allowing observation of dynamic pattern changes and enhancing visual tracking skills and sensitivity.
Vortex Effects Panel WP WM
 Rotate the handle to observe visual differences in vortex patterns, improving observation skills and visual concentration.
Moving Balls Panel WP WM
 Explore the motion patterns of rolling balls on different paths, introducing basic concepts of "mechanical movement."
Visual Turnplate Panel WP WM
 Rotate the dial to observe dynamic changes in colors and patterns. The vibrant, eye-catching surface stimulates curiosity and exploration.

Tactile Balls Panel WP WM
 Both sides feature movable colored beads that provide rich tactile feedback through sliding and flicking, enhancing fine motor skills.
Green Leaf Window Insert WP WM
Blue Vortex Window Insert WP WM
Clear Window Insert WP WM

Big Window Insert WP WM
Bubble Window Insert WP WM

Treasure Hunt Insert WP WM
 Rotate the panel to lock onto a target treasure, then rely on memory and observation to find its match among the equipment decorations, systematically honing keen insight and spatial thinking.
Jungle Hunt insert WP WM
 Rotate the dial to lock onto a "target animal", then use memory and observation to locate its match in the play equipment decorations, systematically enhancing sharp observation and spatial thinking skills.
Clock Insert WP WM
 The front side features a clearly marked clock, while the back is decorated with a "bird announcing the time" pattern to attract active exploration and foster early time recognition.
Sand Clock Insert WP WM
 Compare how the speed of falling sand changes at different rotation rates, introducing basic physics concepts such as gravity and centrifugal force.

Beads & Cups Insert WP WM
 Introducing mathematical concepts such as "scales" and "capacity" helps cultivate early mathematical thinking and logical reasoning.
Maze Insert WP WM
 By tracking the trajectory of rolling beads, children can understand spatial displacement and easily recognize various symbols such as "\$" and "+".

ABC Insert WP WM
 One side teaches English letters, while the other features a red train moving along tracks, cultivating both language skills and logical thinking.
World Map Insert WP WM
 While recognizing world map and rotating clock hands to understand time zone differences, basic geographical concepts are easily built through interaction.
Four In A Row Insert WP WM
 While recognizing world map and rotating clock hands to understand time zone differences, basic geographical concepts are easily built through interaction.
Gears Insert WP WM
 Observing and analyzing operational patterns helps foster an initial understanding of the mechanical principle of "gear linkage," thereby cultivating foundational physical thinking.

Small Growth Ring & Clock Insert WP WM
 Move the clock hands to grasp the concepts of "hours and minutes," building foundational time awareness and logical thinking. The back features a small tiger pattern.
Small Crocodile Puzzle Insert WP WM
 Understand shape matching and spatial composition, fostering observation, concentration, and spatial logical thinking.
Puzzle Insert WP WM
 Puzzles help children grasp shape matching and spatial composition, fostering observation skills, concentration, and spatial logical thinking.
Small Window Insert WP WM
Small Cannon Insert WP WM

Limited Warranty

Wisdom and World Klass Play warrants its products against structural failure due to defects in materials and workmanship for the warranty periods and material categories prescribed below

LIFETIME* Limited Warranty

Lifetime Limited Warranty on all aluminum posts, stainless steel fasteners, clamps, beams, and caps made of aluminum or steel against structural failure due to corrosion/natural deterioration or manufacturing defects, and on steel posts against structural failure due to material or manufacturing defects

15-Year Limited Warranty

On all steel arches, all plastic components, all aluminum and steel components not covered above, climbers, outdoor musical instruments, decks, and coatings (except Chain Ladders and Swing Chain) against structural failure due to material or manufacturing defects.

15-year Limited Warranty on Wood Parts

- Robinia wood parts
- Erythrophleum wood parts
- High-pressure laminate (HPL) parts
- Aluminum parts

10-Year Limited Warranty

On concrete products against structural failure due to natural deterioration or manufacturing defects. Does not cover minor chips, hairline cracks, or efflorescence.

- PVC coating for decks and stairs
- Pre-galvanized posts with painted top layer
- Painted surface on galvanized or aluminum metal parts
- Galvanized Steel Coating

10-year Limited Warranty on Wood Parts

- Wood-plastic composite (WPC) parts
- Larch, pine and other wood types

8-year Limited Warranty

On climbers and climbing cables against defects in materials or manufacturing defects.

- Rope and net constructions

2-Year limited Warranty

On all moving plastic or metal parts, rubber membranes, sunshade or sail solutions not falling into the category above.

5-year Limited Warranty

The following components are covered only against defects in materials or manufacturing

- Springs and ball bearing assemblies
- Graphical printing on transparent polycarbonate (PC) panels
- Concrete components
- Cable connections, cables, and mallets
- Polycarbonate panels.

Shade products are covered by a five (5)-year warranty against manufacturer defects or malfunctions arising during the applicable warranty period, including shade structure moving parts, cables, and materials, except where otherwise specifically excluded or listed separately in this warranty.

3-year Limited Warranty

On all other moving parts, including all swing seats and hangers, Mobius climber handholds, Chain Ladders, Swing Chain, trolleys and bumpers, Coil Spring (including gliders), belting material, resistance mechanisms, seesaws, etc., against failure due to corrosion/ natural deterioration or manufacturing defects

2-year Limited Warranty

On all moving plastic or metal parts, rubber membranes, sunshades, or sail solutions not falling into another category above.

Limitations:

This warranty applies to Wisdom and World Klass Play products for the applicable warranty periods specified for each product type and subject to the limitations set forth herein. All warranty periods begin on the date of Wisdom or World Klass Play's invoice and apply from the date of purchase by the original customer. This warranty covers defects in materials only.

Wisdom and World Klass Play's sole liability under this warranty is limited, at its discretion, to the repair or replacement of defective products at no charge. Defective components will be delivered and replaced by a Wisdom or World Klass Play-authorized professional installer free of charge. Repaired or replacement parts are warranted only for the remainder of the original warranty period. This warranty extends solely to the original Buyer/end user for products purchased from Wisdom and World Klass Play or an authorized reseller and is non-transferable.

This warranty applies only to products that are installed and maintained in strict accordance with Wisdom and World Klass Play's installation instructions and maintenance procedures. Wisdom and World Klass Play does not warrant that any specific color will remain available for any period of time and reserves the right to discontinue colors at its sole discretion.

This warranty does not cover the following:

- Cosmetic damage or flaws resulting from normal use, including but not limited to surface scratches, minor chips, hairline cracks, dents, marring, efflorescence, color fading, discoloration, corrosion or rust, fraying, or warping of recycled plastic lumber
- Products that have been modified, altered, or repaired by unauthorized parties
- Products not used as designed or intended, or products that have been misused
- Products with non-Wisdom or World Klass Play parts added or substituted
- Products removed from their original installation location and reinstalled elsewhere
- Damage resulting from excessive wear, vandalism, abuse, negligence, environmental conditions, extreme weather, or acts of God

Proper Installation & Maintenance:

The warranty only applies if Wisdom or World Klass Play products have been installed according to the instructions provided by Wisdom or World Klass Play and maintained correctly according to the associated Maintenance Manual. All warranty claims shall be accompanied by full documentation for proper installation and maintenance. The warranty for the components is dependent on those products being installed by a Wisdom or World Klass Play-trained and approved installer.

Warranty Exclusions and General Terms

This warranty does not cover damage resulting from accident, improper care, negligence, misuse, abuse, or vandalism, nor does it cover normal wear and tear, surface corrosion on metal components, discoloration, cosmetic defects, or other aesthetic issues. Natural changes in wood that occur over time are considered cosmetic in nature and are not covered by this warranty.

This warranty applies only if all play structures and/or equipment are installed in strict accordance with Wisdom and World Klass Play installation instructions and are properly maintained in compliance with the maintenance procedures provided by Wisdom and World Klass Play

Near Water Installations

Products installed in direct contact with chlorinated water or saltwater (including, but not limited to, waterparks), or products installed within 200 meters of a saltwater shoreline, are not covered by the Wisdom or World Klass Play warranty for defects caused by corrosion. Specially designed customized products that have been upgraded to corrosion class C4 based on ISO 12944 standard prior to delivery and are installed within 200 meters of the shoreline-provided they are not in direct contact with saltwater, exposed to salt spray, or installed in chlorinated water environments-shall be covered only for structural failure caused by corrosion (excluding moving parts), subject to the applicable warranty period for each product type, and in no event for longer than ten (10) years.

Due to the highly corrosive nature of coastal environments, a degree of corrosion and deterioration is considered normal wear. Products installed between 200 meters and 457 meters (500 yards) from a saltwater shoreline will be covered for defects caused by corrosion for only fifty percent (50%) of the standard warranty period, up to a maximum of five (5) years. Products installed in direct contact with saltwater or exposed to salt spray are not covered for corrosion-related defects under any circumstances.

Third-party Supplied Products & Services

Wisdom and World Class Play provide non-Wisdom and World Class Play branded products and installation services performed by certified third-party suppliers. This general Wisdom and World Class Play warranty does not apply to such non-Wisdom and World Class Play branded products and installation services, which may carry their own warranties. Wisdom and World Class Play will pass on information on such warranties where possible.

Freight & Warehousing

Global transport and logistics arranged by Wisdom and World Class Play appointed forwarder. Products/items are not to be stored outside waiting for installation and must be kept dry at all times.

- LIFETIME warranty is in effect for the lifetime of the product until the product is uninstalled and/or taken out of use. In addition, Wisdom and World Class Play general terms and delivery conditions apply and supplement this warranty.

THE FOREGOING LIMITED WARRANTY IS THE SOLE AND EXCLUSIVE WARRANTY FOR SELLER'S PRODUCTS, AND IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED.

ISO 9001/ISO 14001

Industry certification processes issued by the International Organization for Standardization. ISO 9001 is used to measure manufacturing standards and to certify company compliance with quality management systems covering design, development, production, installation, inspection and testing. ISO 14001 also known as the green certification, specifies the requirements of an environmental management system (EMS). An EMS is a systemic approach to handling environmental issues within an organization. World Class Play is ISO 9001 and ISO 14001 certified

ASTM

ASTM International is an independent and world renowned developer of technical standards utilized in testing a multitude of products. ASTM's F15.29 committee met regularly for over a decade in the continual development of the F1487 Standard Consumer Safety Performance Specifications for Playground Equipment for Public Use. The original standard, F1487-93 was published in 1993 and subsequently replaced by the current version F1487-17. Published February 2017. Throughout this catalog we state ASTM Use Zones in dimensional form per the ASTM F1487 Standard Consumer Safety Performance Specifications for Playground Equipment for Public Use, which are minimum dimensions. Consideration should be given to the number of users and their circulation patterns.

CPSC

The Consumer Product Safety Commission is an independent agency within the United States Federal Government with the authority to inform the public of current product safety performance information and recommended practices. The CPSC first published their guidelines for public playgrounds in 1981 and have updated their publication several times since then. The current CPSC Handbook for Public Playground Safety, publication #325, is an excellent guide for owners and operators of public play environments.

CSA

The Canadian Standards Association is an independent and renowned developer of technical standards utilized in evaluating a multitude of products. The CSA standard on Children's Playspaces and Equipment 1990 edition was revised in March, 2020 and is now officially CAN/CSA-Z614:20, entitled Children's Playground Equipment and Surfacing. The CSA standard is significantly harmonized with the ASTM F1487-11 standard.

TÜV America

Product Service, an international testing and certification organization is a European Union Notified and Competent Body providing services which include product testing and certification. The highly visible TÜV-Mark demonstrates to customers that safety testing and certification has been completed by an independent third-party organization. The "S" pictogram combined with the statements "Safety tested", "EN 1176" and "Production monitored" indicate that these products have passed a comprehensive testing procedure based upon the European Harmonized Standard for Commercial Playground Equipment, EN 1176 and that the World Class Play production plant is regularly monitored by TÜV. Contact your international World Class Play distributor for complete EN 1176 compliance details.
